SKILLS

Technical Skills:

- Python
- SQL
- HTML
- CSS
- JavaScript
- Web Development
- Java

Soft Skills:

- Accurate
- Adaptable
- Responsible

PROJECTS

Project 1: Opti Health

The project is based on the problem statement "Personal Health Coach and Nutritionist" and I named it as "OPTI HEALTH".

Technologies used: HTML,CSS,Bootstrap and Python.

Project 2: Weather Forecast website

Created a website displaying current weather and 5-day forecast for any city.

Project 3: AI Based Hybrid Switching between Fuel and Electric

Technologies used: AI,Machine learning Algorithm, Python.

Project 4: Guessing a number

Created a simple number guessing game using Python.The application picks a random number, and the user guesses it with hints along the way. It's a fun way to practice coding and improve problem-solving skills.
